

# 6th FORUM

## TECHNOLOGY FORUM 2019

Share IT 2grow

### Preparation has already begun!

On April 15, 2019, the 6th Technology Forum will be held at Aristotle University Research Dissemination Center in Thessaloniki, Greece. Save the date in your calendar! After 5 years of successful presence, the 20 organizations co-organizing this event are once again involved in the preparation of the next Technology Forum.

Distinguished speakers will honor the event with their presence. Our confirmed speakers include MIT Professor

Constantinos Daskalakis, who is well-decorated with international distinctions for his contributions to understanding complex strategic behavior in games and markets. More information about Professor Constantinos Daskalakis can be found at the following link:

# Save the Date!

## April 15, 2019

Aristotle University Research  
Dissemination Center

## Thessaloniki, Greece

### What is Technology Forum ?

In the modern economic environment, competitiveness relies upon the development of innovative products. Knowledge combined with the right technological tools are key elements in the process of developing innovative products & services. Knowledge of such tools exists in both industrial bodies (ICT & other industries) as well as in research organisations (Universities & Research Centres). Therefore, their collaboration is important towards developing innovative products with international perspective. In this context, 20 bodies have joined forces to organize a series of events under the name "Technology Forum".

### Why you should attend?

Technology Forum audience will be excited by the state of the art technologies presentations as well as by the major research and industrial trends from the ICT and other industries. Participants will have the opportunity to meet with many other representatives from companies, universities, research centers during the major networking/matchmaking event (pre-arranged meetings) supported by the Enterprise Europe Network and traditionally hosted in the 6th Technology Forum. So don't miss such opportunities and save the date!
